WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c at all drug stores. © 1935, C.M.Co.

A luncheon in the Paramount commissary follows the studio tour. In the afternoon James Gleason will be your host at a second cocktail party at his home. Plans for the second tour are about the same as the first with the exception that the cocktail parties are scheduled at the homes of Edward Everett Horton and Fay Wray.

If circumstances prevented you from signing up for the first Tour, you still have a chance to get aboard the special train carrying members of the second tour which leaves Chicago, August 8th.
